

Qrf City Retail is proud to welcome vanHaren in Mechelen!

vanHaren, one of the most expansive Dutch shoe brands and part of the Deichmann group, has opened in one of Qrf City Retail's prime premises (Bruul 15) in Mechelen.

To this end, Qrf City Retail successfully negotiated the termination of the lease agreement with former tenant Coolcat and the start of a new commercial lease agreement with vanHaren.

Due to its efforts, Qrf City Retail was able to secure an increase in the rental level and managed to fully occupy the building (*as before the upper two floors were*

vacant).

We wish vanHaren the best of luck!
