## **EVS announces share buyback program**

EVS Broadcast Equipment, the leading provider of live video solutions, today announces the decision of its Board of Directors to start a share buyback program of its outstanding shares for a maximum amount of EUR 10 million.

Pierre De Muelenaere, Chairman of the Board and Interim CEO of EVS, declared: “The recent fall of the share price of EVS has led the Board to consider a share buyback program. The recent transparency notification of Evertz has accelerated our process and, in a special meeting organized this October 24, 2018, the Board has unanimously decided to start a share buyback program. This shows the Board’s strong confidence in the future of the company.”

The share buyback program will be implemented in accordance with the authorization set forth in article 10 of the Articles of Association of the company. The program will start on October 25, 2018, for a period of maximum 2 years.

This program will be executed in compliance with the applicable buyback regulations. EVS will mandate an independent broker to execute the program through open market purchases on its behalf.
