

IBA finalizes contract with Medtechnica Ltd for two Proteus®ONE proton therapy solutions at the Tel Aviv Sourasky Medical Center in Israel

Louvain-La-Neuve, Belgium, 27 September 2023 - IBA (Ion Beam Applications S.A., EURONEXT), the world leader in particle accelerator technology, today announces it has signed the final contract with Medtechnica Ltd for the installation of two Proteus®ONE^[1] compact proton therapy solutions at the Sourasky Medical Center (Ichilov Hospital) in Tel Aviv, Israel. This follows the signature of a binding term sheet previously [announced in May 2023](#).

Sourasky Medical Center has been selected by the Israeli Ministry of Health to host the first national proton therapy center in Israel, bringing this cutting-edge technology to hundreds of patients per year. The project is fully financed and IBA received the first payment in July 2023.

The integrated solution also includes a fully integrated quality assurance (QA) hardware and software package from IBA Dosimetry. Once approved by regulatory authorities, IBA will upgrade the two systems with DynamicARC®^[2], IBA's unique Arc Proton Therapy solution. The contract includes long-term operation and maintenance services to be provided by IBA.

ENDS

About IBA

IBA (Ion Beam Applications S.A.) is the world leader in particle accelerator technology.
