EURONEXT PUBLISHES Q2 2018 RESULTS

SOLID PERFORMANCE DRIVEN BY THE CONSOLIDATION OF EURONEXT DUBLIN AND CONTINUED COST DISCIPLINE

Amsterdam, Brussels, Dublin, Lisbon, London and Paris – 3 August 2018 – Today Euronext, the leading pan-European exchange in the Eurozone with 1,300 listed issuers, announces its results for the second quarter of 2018.

Solid performance for the second quarter of 2018

- ◆ **Increase in revenue to €157.3 million (+14.6%¹):**
 - Listing revenue of €28.4 million up +20.3%, resulting from the consolidation of Euronext Dublin and improved primary markets, offsetting a moderate activity in secondary markets
 - Cash trading revenue at €53.9 million up +7.1%, thanks to a sustained market share, at 66.1%, efficient yield management, at 0.51bps, and stable volumes (Cash ADV at €8.4bn, down -2.5%)
 - Market data and indices revenue of €29.4 million up +12.9%
 - Growing contribution to the Group's revenue from revenue diversification initiatives with Euronext Dublin contributing €8.7 million, FastMatch €5.6 million and Agility for Growth initiatives €4.0 million
- ◆ **EBITDA up, at €88.6 million (+11.9%), with a 56.3% margin (-1.4pts)**
 - EBITDA margin for core business² and Agility for Growth, excluding clearing, at 60.0%³ (up +1.2pts compared to Q2 2017)
 - €18.8 million of cumulated core business gross efficiencies achieved since Q2 2016 thanks to continued cost discipline
 - Group costs up due to recent acquisitions (Euronext Dublin and FastMatch) and transactions costs, while core business costs down
- ◆ **Growth in EPS (basic) to €0.81 (+4.9%). Adjusted EPS at €0.90⁴ (+13.8%)**
 - Net income, share of the Group, at €56.6 million up +5.0%: strong cost discipline and incremental contribution from LCH SA equity stake offsetting higher exceptional costs

First half of 2018 EBITDA up, at €176.7 million (+18.1%) and EBITDA margin at 58.1% (+1.4pts compared to H1 2017)
Successful migration of Euronext cash markets to Optiq®

- ◆ Optiq®, the new proprietary trading platform brings a tenfold increase in capacity, cutting-edge performance in terms of latency and optimized hardware footprint. The migration follows the implementation of the Market Data Gateway in July 2017 and the migration of fixed-income instruments to the platform in April 2018

Stéphane Boujnah, Chief Executive Officer and Chairman of the Managing Board of Euronext, said:

"In the second quarter of 2018, Euronext reached a historical milestone with the migration of its cash markets to Optiq®, our new state-of-the art trading platform. Optiq® provides our clients with cutting-edge performance in terms of latency as well as time to market and flexibility while allowing for optimized hardware footprint. Our new proprietary trading platform enhances our agility and independence, strengthens the value proposition of our federal model, and fosters innovation.

The second quarter also saw the first contribution from Euronext Dublin, that diversifies our revenue profile, strengthens our listing franchise and positions Euronext as the world leading listing venue for debt. Our teams are now working on the integration that is progressing as planned.

Thanks to its continued cost discipline, Euronext achieved a 56.3% EBITDA margin at Group level, while delivering on these major projects. Within the scope of our strategic plan, this translates into a 60.0% EBITDA margin for core business and Agility for Growth initiatives, excluding clearing and new perimeter, for the quarter, and a 61.8% EBITDA margin for the first half of 2018"

¹ Unless stated otherwise, percentages compare Q2 2018 data to Q2 2017 data

² Core business refers to the perimeter of Euronext as of May 2016 excluding clearing

³ Scope used for the 61-63% EBITDA margin 2019 target of Agility for Growth strategic plan (see press release published on 19 February 2018 available on www.euronext.com)

For the second quarter of 2018, Euronext consolidated revenue increased to €157.3 million, up +14.6%, driven by the consolidation of Euronext Dublin and FastMatch, improved cash and derivatives trading revenue, and incremental revenue from Agility for Growth initiatives. This quarter was marked by the integration of Euronext Dublin, contributing €8.7million to Euronext revenue. Furthermore, a stable trading environment on Euronext markets, combined with improved revenue capture translated into robust growth on trading activities.

Non-volume related revenue¹ amounted to 44% of total Group revenue in Q2 2018, stable compared to Q2 2017. The operating cost coverage ratio² was 100% in Q2 2018.

Operational expenses excluding Depreciation & Amortisation increased to €68.7 million, up +18.3%, mainly due to the roll-out of Agility for Growth initiatives, the incorporation of FastMatch (from August 2017) and Euronext Dublin (from Q2 2018), despite a decrease in core business costs.

At the end of Q2 2018, €18.8 million of cumulated cost savings had been achieved since 1 April 2016, up €2.6 million compared to the end of Q1 2018 (€16.2 million).

During Q2 2018, Agility for Growth initiatives generated €4.0 million of revenue, mainly driven by Corporate Services, and €3.9 million of costs.

EBITDA for the quarter was €88.6 million, up +11.9%, representing a margin of 56.3%, down -1.4 points compared to Q2 2017.

EBITDA margin for core business and Agility for Growth, excluding clearing and new perimeter, reached 60.0% in Q2 2018, up +1.2pts compared to Q2 2017.

Excluding the impact of the consolidation of FastMatch and Euronext Dublin ("New Perimeter"), Euronext consolidated revenue would have amounted to €142.9 million in Q2 2018, up +4.1%, with an EBITDA margin of 59.0%, up +1.4pts compared to Q2 2017 (see below).

¹ Volume related businesses include Cash, Derivatives, Spot FX trading, Clearing, and IPO

² Non-volume related businesses revenue divided by operating costs (excluding D&A)

	Group EBITDA margin	60.1%	56.3%	58.1%

Depreciation and Amortisation increased to €5.6 million in Q2 2018, up +70.1%, impacted by new acquisitions, with PPA¹ for €1.8 million in Q2 2018.

Operating profit before exceptional items was €83.0 million, a +9.3% increase compared to Q2 2017.

€6.2 million of exceptional costs were booked in Q2 2018 compared to €1.4 million in Q2 2017, resulting primarily from restructuring costs linked to Euronext Dublin, and from restructuring costs within other Euronext locations.

Net financing expenses for Q2 2018 were €1.0 million compared to €0.4 million in Q2 2017.

Results from equity investment amounted to €5.5 million in Q2 2018, resulting from dividends received from Euroclear and from the consolidation as an associate of LCH SA of which Euronext owns a 11.1% stake since 29 December 2017. In Q2 2017, €4.0 million in dividends were received from Euroclear.

Income tax for Q2 2018 was €24.3 million, representing an effective tax rate for the quarter of 29.8% (Q2 2017: €24.0 million and 30.8%).

Share of non-controlling interests mainly relating to FastMatch (90% owned), iBabs (60% owned), InsiderLog (80% owned) and Company Webcast (51% owned) amounted to €0.4 million in Q2 2018.

As a result, the net profit share of the Group for Q2 2018 increased by +5.0%, to €56.6 million. This represents a reported EPS of €0.81 basic and €0.81 fully diluted in Q2 2018, compared to €0.78 basic and €0.77 fully diluted in Q2 2017. The number of shares used for the basic calculation was 69,597,722 and for the fully diluted calculation was 69,966,603.

Adjusted² EPS is up +13.8% in Q2 2018, at €0.90, compared to €0.79 in Q2 2017.

As of 30 June 2018, the Company had cash and cash equivalents of €352.6 million, and €502 million of financial debt. Euronext gross debt / LTM EBITDA ratio amounted to 1.54 at the end of June 2018. In Q2 2018 Euronext generated a net cash flow from operating activities of €26.7 million, compared to €44.2 million in Q2 2017.

Money raised	216,157	317,865	-32.0%

Listing revenue was €28.4 million in Q2 2018, an increase of 20.3% compared to Q2 2017. This strong increase was driven the integration of Euronext Dublin (+€6.1 million) and incremental revenue from Corporate Services (+€2.7 million), offsetting a softer secondary market activity compared to Q2 2017.

Q2 2018 saw an improvement in primary equity issues activity both quarter-on-quarter and year-on-year, supported by the listings of large capitalizations on Euronext's market, such as Adyen and Unibail-Rodamco-Westfield. During the second quarter of 2018, 10 new listings, including 8 SME deals, were completed, compared to 9 listings in the second quarter of 2017. This translated into €1.1 billion raised in Q2 2018, a decrease from €2.6 billion last year.

In June 2018, Euronext welcomed Cogelec on its market, the first listing from its FamilyShare programme.

Activity on the secondary market remained moderate, with follow-on activity recording €10.6bn of secondary equity issues, compared to €23.9bn in Q2 2017, which was marked by record activity in secondary equity issues.

In total, €216.2 billion in equity and debt were raised on Euronext's markets in Q2 2018, compared to €317.9 billion in Q2 2017.

Corporate Services, an Agility for Growth initiative generated €3.8 million in revenue in Q2 2018, compared to €1.1 million in Q2 2017.

Cash trading

Average daily volume for cash trading remained stable at €8.4 billion in Q2 2018, down -2.5% compared to Q2 2017. In this environment of persisting low volatility, cash trading revenue increased by +7.1% in Q2 2018, to a total of €53.9 million, thanks to an average yield over the quarter of 0.51bps, up +5.0% compared to Q2 2017.

Euronext maintained its strong cash trading market share throughout the quarter, averaging 66.1% in Q2 2018, an increase of +1.9pts compared to Q2 2017, reflecting Euronext markets superior liquidity.

The average daily transaction value of ETFs on the electronic order book¹ was €269 million over Q2 2018, down -7.1% compared to Q2 2017, impacted by the persisting low volatility. The total number of ETFs listed on Euronext was 1,073 at the end of June 2018 (1,043 at the end of Q2 2017).

¹ As from January 2018 Euronext reports its ETFs trading volumes on an on-exchange basis (Electronic order book volume)

Derivatives trading

Derivatives trading revenue increased in Q2 2018, to €10.9 million, compared to €10.4 million in Q2 2017. Individual equity derivatives reported a -5.8% decrease on average daily volume to 314,478 contracts, while the average daily volume on equity index derivatives was down -8.4% to 225,261 contracts. June 2017 figures included a total of 5.6 million equity and index option contracts, resulting from the planned non-recurring migration of open interest from TOM to Euronext.

Commodity products recorded increasing average daily volumes in Q2 2018, up +22.8% to 61,836 contracts.

Yield on derivatives averaged 0.29bps in Q2 2018, an increase from 0.27bps in Q2 2017 which was impacted by the migration of open interest from TOM to Euronext.

Spot FX trading

Spot FX trading activity on FastMatch's spot foreign exchange market (of which Euronext owns 90% of the capital since August 2017) reached a record high in Q2 2018, with average daily volume of \$21.8 billion, up +6.2% compared to Q2 2017. As a result, spot FX trading generated €5.6 million of revenue in Q2 2018.

◆ **Market data & Indices**

Market data & Indices reported strong growth, with revenue up +12.9% to €29.4 million in Q2 2018, as a result of new market data agreements and growing activity of non-listed structured products.

◆ **Post-trade**

Clearing

Clearing revenue increased by +10.3%, to €14.6 million in Q2 2018. As a reminder, the new contract for the clearing of financial derivatives products will come into force on 1 January 2019.

Custody, Settlement and other post-trade

Revenue from Interbolsa in Portugal increased by +6.4%, to €5.6 million in Q2 2018, driven by an increase in asset under custody and settlement activity compared to Q2 2017.

◆ **Market solutions & Other revenue**

Market solutions & Other revenue increased by +7.4% in Q2 2018, to €9.0 million. This performance resulted from increased activity in SFTI/Colo services as well as increased Optiq® project work including the first commercial releases for international clients.

Corporate highlights of Q2 2018, since publication of Q1 2018 results on 15 May 2018

◆ **Volumes in Q2 2018**

For the second quarter of 2018, the average daily transaction value on the Euronext cash order book stood at €8,418 million, down -2.5% compared to the same period last year.

The average daily transaction value of ETFs on the electronic order book¹ was €269 million over Q2 2018, down -7.1% compared to Q2 2017. The total number of ETFs listed on Euronext was 1,073 at end of June 2018.

For the second quarter of 2018, the overall average daily volume on Euronext derivatives stood at 601,575 contracts (-4.5% compared to the second quarter of 2017) and the open interest was 17,918,034 contracts at the end of June 2018 (-12.2% compared to the end of June 2017).

For the second quarter of 2018, the average daily volume on FastMatch's spot foreign exchange market stood at \$21,764 million, up +6.2% compared to the same period last year.

◆ **Managing Board changes**

On 28 June 2018, Euronext announced that Deirdre Somers has resigned from her position as CEO of Euronext Dublin. The Supervisory Board of Euronext N.V. has nominated Daryl Byrne as CEO of Euronext Dublin, Head of Debt & Funds Listings and ETFs and member of the Managing Board of Euronext N.V., subject to formal appointment by an Extraordinary Shareholders' Meeting of Euronext N.V. and the usual regulatory non-objections.

◆ **Appointments in FastMatch**

Kevin Wolf, US Head of FICC for Euronext and member of the FastMatch Board of Directors since it was acquired by Euronext in August 2017, has been appointed CEO of FastMatch by the Board of Directors of FastMatch, Inc., following the departure of Dmitri Galinov.

¹ As from January 2018 Euronext reports its ETFs trading volumes on an on-exchange basis (Electronic order book volume)

Kevin Wolf is also CEO of Euronext Synapse LLC. Prior to joining Euronext, Kevin served as Chief Business and Product Development Officer at Eris Exchange. He began his career at Bank of America Merrill Lynch and Lehman Brothers.

◆ Euronext introduces Optiq®, the new technology platform powering cash markets

On 25 June 2018, Euronext successfully completed the migration of its cash markets, including equities, structured products, ETFs and fixed income, to Optiq®, its new cutting-edge trading platform. Optiq® is an agile and high-performing platform that gives investors access to trading across all asset classes available on Euronext's pan-European exchanges.

Developed in-house by Euronext teams in close collaboration with clients, Optiq® provides cutting-edge performance in terms of latency as well as time to market and flexibility. With modular architecture and the latest generation of components, the platform facilitates the introduction of new products and functionalities for the benefit of Euronext's clients.

Optiq® has demonstrated an average performance latency of as low as 15 micro-seconds for order roundtrip as well as for market data, and is highly scalable to accommodate unlimited capacity. During its first two weeks in production, the platform has handled more than 14 billion messages and 18.8 million trades. Optiq® incorporates improved surveillance and monitoring services which, in addition to its technological performance, equip Euronext's markets and clients with a highly resilient platform, in particular in times of volatility.

The introduction of Optiq® on cash markets follows the implementation of the Market Data Gateway in July 2017 and the migration of fixed income instruments to the platform in April 2018¹. The final step in Optiq®'s deployment will be to migrate Euronext derivatives markets to the new platform next year. Euronext will continue to work closely with its clients to optimise the use of the platform and make the most of Optiq®'s technological advantages for their benefit.

For Euronext, this new milestone allows for optimization of the hardware footprint and brings a tenfold increase in capacity. Optiq® will also power Euronext's new ETF MTF as part of the Agility for Growth strategic plan.

Euronext offers Optiq® to other leading exchanges and venue operators; the Luxembourg Stock Exchange already benefits from Optiq® and other exchanges around the world have begun Optiq® migration projects.
