EURONEXT ANNOUNCES MONTHLY TRADING VOLUMES FOR JULY 2015

Amsterdam, Brussels, Lisbon, London and Paris – 5 August 2015 – Euronext, the leading exchange in the Eurozone, today announced trading volumes for July 2015.

- The July 2015 average daily transaction value on the Euronext cash order book stood at €7,911 million (+38% compared with July 2014). Activity on ETFs remained particularly dynamic last month with an average daily transaction value at €513 million, up 81% compared to July 2014.
- In July, the average daily volume on equity index derivatives was slightly down at 208,718 contracts (-8% compared with July 2014), and the average daily volume on individual equity derivatives was down at 215,648 contracts (-21% compared with July 2014). Please note that our continued effort to develop the retail activity in Amsterdam paid off again this month with a new yearly record volume on the AEX index mini options at 3,175 contracts traded on 15 July.
- July 2015 was the most active commodities derivatives month ever, beating the former record of July 2012 with 1,740,834 lots traded. Activity was up 29% compared with July 2014, with an average daily volume of 75,688 contracts. This brings the year-to-date ADV slightly above 56,300 contracts (+21% compared with 2014 YTD). Adverse weather conditions in Western Europe, in the Midwest Plains and in Canada resulted in higher volatility for grains early on in the month.
- In July 2015, Euronext had seven new listings. These include two large capitalisations, LafargeHolcim on Euronext Paris and Flow Traders on Euronext Amsterdam, as well as five EnterNext SMEs that altogether raised €618 million. In addition, €8.8 billion was raised in corporate bonds and €3.0 billion in follow-on equity.

Please see tables for the month of July attached

About Euronext

Euronext is the primary exchange in the Euro zone with more than 1 300 issuers worth €3.1 trillion in market capitalisation, an unmatched blue-chip franchise consisting of 24 issuers in the EURO STOXX 50® benchmark and a strong, diverse domestic and international client base.

Euronext operates regulated and transparent equity and derivatives markets. Its total product offering includes Equities, Exchange Traded Funds, Warrants & Certificates, Bonds, Derivatives, Commodities and Indices. Euronext also leverages its expertise in running markets by providing technology and managed services to third parties. Euronext operates regulated markets, Alternext and the Free Market; in addition it offers EnterNext, which facilitates SMEs' access to capital markets.
